

Our zoom session ended abruptly. Here is the remaining work that we were in the middle of talking about when our session ended.

Please be mindful of Confirmation requirements: Should have Martin Luther Report in

Sermon Notes/Service hours

****Writing assignment: 1 story or 1 character from the bible that you relate to and/or enjoy. This is just a 1 page paper 3-4 paragraphs that retells the story or who the biblical character is, what they did and why it is important or how it relates to you and your faith and life.**

Should be starting on your faith statement for the Fall

The Small Catechism Assignment

Ten Commandments – They help us to understand who God is and what God wants. They also highlight why we need a Savior. Look up the 10 Commandments. What phrase shows up at the beginning of each of Luther’s explanation for the commandments? Write it down here:

Lord's Prayer: This gives us a pattern of prayer for a lifetime of personal prayer and praying together was family and church. Look up the Lord's Prayer. What does Luther say about "daily bread"? What does it include and name some things that you think of in your own life as daily bread and write them down here:

The Apostles Creed: This is a basic confession of the Christian faith. Look it up in the Small Catechism. What does Luther say the First Article means and write it down here:

The Sacraments (what are they??) (That's right, Baptism and Holy Communion!!) For Lutherans there are only two because we define a Sacrament as 1.) Something Jesus Commands us to do, 2.) it uses a physical element like water or bread, (something we can see, feel, taste, touch and it is 3.) connected to God's promise which gives us grace and faith.

Baptism is the celebration of God's adoption of us into God's family and it uses _____ as a physical element. Holy communion is how God feeds and forgives us and _____ and

is used as the physical element. Look up Baptism in your Small Catechism and what does Luther say Baptism does for us?

The Small Catechism was used to pass along the faith. We get to pass along the faith as well and to tell the good news of Jesus Christ is always ours to share! How could others use that gift right now?

I would have prayed this prayer to end our time, but being we got cut off I am including it for you to pray. Thanks and it was good seeing all of you!!

Closing Prayer

God, the coronavirus has made us aware of how fragile our lives are and how fragile the world we live in is. We know every breath we take is a gift from you, yet we do not live with constant awareness of this. Strengthen our faith, so we do not take your love and the blessings of life for granted. Give safe health to our loved ones and comfort those who grieve the loss of loved ones. We pray in Jesus name, Amen.
